

Hello everyone,

We had another great Hospital night on June 23rd. The Kanteen Unit put on an awesome spaghetti dinner that everyone enjoyed. We were fortunate to hear from our Hospital Reps from each hospital including the Administrator from our Boston Hospital, Eileen Skinner. She delivered a great message.

Our Silent Auction was a big success raising \$1,219 dollars. Thanks to everyone who donated to that. Also, thanks to all of you who helped with set up, the auction, technology and many other things.

Of course, the highlight of the evening was hearing from three of our Shrine Hospital patients. A very moving experience, as usual! We raised enough at the event to send \$482.50 to each hospital.

We are already planning for even more fun next year...including a traditional baked bean and hotdog suppah (with red dogs, of course!) and very special entertainment in the works that you won't want to miss. If you have an auction item to donate or know of a patient who wants to speak for next year, please contact me any time through the year at dadulac@gmail.com or 207-478-2270.
