

What a great event we had last weekend in Presque Isle! It was a mini-ceremonial which wouldn't have been possible without Shawn & Jessica Lahey and the Aroostook County Shrine Club. We brought in 12 new Shriners and I know they and all of us had a really good time. It was great to see the units and Shrine Club up there working together to put on such a successful event. The first section put on a wonderful degree as usual. I was fortunate enough to help with the second section which was a really fun time. They combined it with Hospital Night on Saturday night and that had a lot of people in attendance and as always the speeches by the patients were very moving.
